# 247 JEANS PRODUCTION

Het is bekend dat de kledingindustrie voor grote vervuiling zorgt. De vele collecties die per jaar worden geproduceerd zorgen voor een enorme overproductie en verspilling van grondstoffen en water. 247 Jeans heeft ervoor gekozen om duurzaam in te kopen. Dat betekent dat wij geen collecties voeren maar alleen broeken produceren die jarenlang uit voorraad kunnen worden uitgeleverd aan onze klanten. Door kwalitatief hoogwaardige materialen te gebruiken verlengen wij ook de levensduur van de broek.

Wij werken jarenlang met dezelfde fabrikanten die wij persoonlijk meerdere keren per jaar ontmoeten. Wij zien hoe onze broeken worden gemaakt en onder wat voor omstandigheden dat zijn. Onze voorwaarden om samen te werken zijn duidelijk: geen kinderarbeid, veilige werkplekken en eerlijke lonen. Wij geloven in een duurzame samenwerking met al onze partners in de keten.

Dat kan alleen als je eerlijk en transparant naar elkaar durft te zijn. Samen werken wij aan positieve, besparende en slimmere veranderingen van ontwerpen, produceren, vervoeren en leveren.

Lokaal volgen onze fabrikanten en wasserijen de nieuwste technologieën op het gebied van waterreductie en het terugdringen van chemicaliën, zo weten wij dat er geen verboden giftige stoffen zijn gebruikt in onze broeken. Deze testen wij op de verboden AZO kleurstoffen (Reach) en Formaldehyde. De testen worden lokaal uitgevoerd door laboratorium Eurofins. Ook de kwaliteit van de broek worden aan testen onderworpen, zo wordt de trek en scheursterkte gecontroleerd om een langere levensduur te waarborgen.

Ready for improvement? Together we can do it!!
